START YOUR FUTURE
We believe that education should not be limited by borders. This is why internationality is an important pillar of our academic education.

In our opinion, education can only really unfold when it is applied. For this reason, we value practice-orientated and research-intense education. We believe that good preparation paves the way for a successful future. We therefore rely on optimal support and networking for our students during their course of studies and beyond – both on a national and international level.
DEGREE PROGRAMMES

www.fh-ooe.at/en/study/degree-programmes/

Informatics, Communications and Media – Hagenberg Campus

- **B** Automotive Computing
- **B M** Communication & Knowledge Media
- **M** Data Science & Engineering
- **M** Digital Arts
- **M** Embedded Systems Design
- **B** Hardware-Software-Design
- **M** Human-Centered Computing
- **M** Information Engineering and Management
- **M** Information Security Management
- **M** Interactive Media
- **B** Media Technology & Design
- **B** Medical & Bioinformatics
- **B M** Mobile Computing
- **B M** Secure Information Systems
- **B M** Software Engineering

Medical Engineering & Applied Social Sciences – Linz Campus

- **M** Applied Technologies for Medical Diagnostics
- **M** Healthcare, Social Services and Public Management
- **B M** Medical Engineering
- **B M** Public Management
- **B** Social Services Management
- **B M** Social Work

Business and Management – Steyr Campus

- **B M** Accounting, Controlling & Financial Management
- **M** Digital Business Management
- **M** Digital Transport and Logistics Management
- **B M** Global Sales & Marketing
- **B M** International Logistics Management
- **B** Marketing & Electronic Business
- **M** Operations Management
- **B** Process Management & Business Intelligence
- **B** Production & Management
- **M** Supply Chain Management

Engineering – Wels Campus

- **B** Agricultural Technology & Management
- **B M** Applied Energy Engineering
- **B M** Automation Engineering
- **M** Automotive Mechatronics & Management
- **B M** Bio- & Environmental Technology
- **B M** Civil Engineering
- **B M** Electrical Engineering
- **B M** Food Technology & Nutrition
- **B** Innovation Engineering & Management
- **M** Innovation and Product Management
- **B M** Lightweight Design & Composite Materials
- **B M** Materials & Process Engineering
- **B M** Mechanical Engineering
- **B M** Mechatronics & Business Management
- **M** Plant Construction
- **B** Process Engineering & Production
- **B** Product Design & Technical Communication
- **M** Robotic Systems Engineering
- **M** Sustainable Energy Systems

International Foundation Programme available [www.fh-ooe.at/ifp](http://www.fh-ooe.at/ifp)

- **M** Master
- **B** Bachelor
- **English** degree programmes in English
FACTS & FIGURES

- 773 international students during the 2018/2019 academic year
- 6,000 students
- 20,000 alumni
- 4 campuses
- 250 partner universities in 60 countries
- 18 double degrees, 1 triple degree, joint degrees
- plus more than 300 modules taught in English
- 500 research projects currently in progress
- 68 degree programmes
- thereof 9 are taught entirely in English
- Turnover Research & Development 2018: 20.43 Mio EUR
- Number 1 in research
STUDY IN THE HEART OF EUROPE

HAGENBERG CAMPUS
Welcome to Austrian’s Silicon Valley
School of Informatics, Communications and Media
8 Bachelor’s and 11 Master’s degree programmes
fh-ooe.at/campus-hagenberg
WELS CAMPUS
Welcome to the Leading Research School
School of Engineering
14 Bachelor’s and 15 Master’s degree programmes
fh-ooe.at/campus-wels

STEYR CAMPUS
New Managers Need Digital Fitness
School of Business and Management
6 Bachelor’s and 6 Master’s degree programmes
fh-ooe.at/campus-steyr

LINZ CAMPUS
State-of-the-Art Laboratories & Modern Infrastructure
School of Medical Engineering and Applied Social Sciences
3 Bachelor’s and 4 Master’s degree programmes
fh-ooe.at/campus-linz
Internships in industry – we cooperate with the best, for example:

JOIN US

Make the University of Applied Sciences Upper Austria part of your reality: join us in developing knowledge, skills and dreams for a better tomorrow.
Along with Runtastic founder Florian Gschwandtner, more than 10,000 alumni have successfully completed their studies at the University of Applied Sciences Upper Austria. They now work both nationally and internationally in the sectors of IT, Management, Technology & Environment, Healthcare & Social Sciences, and many have gone on to lead impressive careers.

"As a CEO it is important to have an in-depth understanding of certain technical topics but also to have a high level understanding of many areas of business and digitalization. Both things I learned in Hagenberg, which served me well throughout my career."

Michael Hurnaus
CEO tractive

"At FH Upper Austria we learnt everything we needed to create a high-quality product like Fretello, from finding the right people to managing the development cycles and launching it."

Florian Lettner
CEO & Co-Founder fretello
Austria has over 8.7 million citizens.

German is the official language.

Austria is member of the European Union.

Austria has one of the highest standards of living, a low crime rate.

And a stable democratic political system.
